European Tour 2024

The World of Hans Zimmer A New Dimension

Powerful. Beautiful. Dramatic. Breathtaking. Strong. Touching. This is the music of two-time Academy Award® winner Hans Zimmer. In 2024, his successful show The World of Hans Zimmer will receive a new musical programme and thus advance to an international concert series at the same time. The new subtitle “A New Dimension” already hints at this: Hans Zimmer is arranging a brand-new selection from his tremendously diverse collection of scores for The World of Hans Zimmer – A New Dimension. The audience will be taken on a unique musical journey that will immerse them in completely new dimensions. With more than 30 dates in 13 countries, The World of Hans Zimmer – A New Dimension will be experienced in venues across Europe.

The concert tour’s precursor The World of Hans Zimmer – A Symphonic Celebration first wowed audiences in Germany in 2018 and has since been on a triumphal march around the world. Hans Zimmer himself will not appear live on stage in The World of Hans Zimmer – A New Dimension but will function as the show’s curator and musical director. He says: *“My aspiration with this new show is to preserve the culture of the orchestra and allow audiences to rediscover the unique facets of orchestral music. There are many background stories I would love to tell and long-time companions and friends I would like to introduce.”*

Soundtrack conductor Gavin Greenaway – a long-time and trusted friend of the Hollywood composer – will continue to conjure the magic of Hans Zimmer’s works for the live audience in 2024, along with some of the most outstanding, renowned soloists from Zimmer’s talent pool and a masterful symphony orchestra. Gavin Greenaway tries to put into words how the great interplay between all the musicians works in this concert series: *“We have found a way for everyone to exist in this music without anyone being the big star. The music will be the star. ... The show is an absolute thrill, and we love it.”* The audience will be able to enjoy stunning visual projections of film sequences alongside the music.

With The World of Hans Zimmer, the “Hollywood Rebel” (according to the BBC) has created a glamorous, lively, exciting live experience of a very special kind.

Hans Zimmer’s extraordinary melodies and modern compositions captivate a huge worldwide fan base across generations. He has already energized countless international cinema blockbusters including “Dune,” “James Bond – No Time to Die,” “The Lion King,” “Gladiator,” “Pirates of the Caribbean,” “The Dark Knight” trilogy, “Interstellar,” “Last Samurai,” and “Top Gun: Maverick,” among others.

The double album “The World of Hans Zimmer – A Symphonic Celebration” was released in 2019 with Sony Classical.

Presented by Semmel Concerts, RCI Global & Tomek Productions.
